## 6 Elementary (e) colours $r g b_{\mathrm{e}}^{*}=r g b^{*}$ in CIELAB: RJGB and $N W$

Hexagon-triangle system based on elementary (e) colours: $\boldsymbol{r} \boldsymbol{g} \boldsymbol{b}_{\mathrm{e}}^{*}=\boldsymbol{r g} \boldsymbol{b}^{*}$ with linear relations between $\boldsymbol{r} \boldsymbol{g} \boldsymbol{b}_{\mathrm{e}}-\boldsymbol{r} \boldsymbol{r} \boldsymbol{b}^{*}{ }_{\mathrm{c}}-\boldsymbol{L C H} \boldsymbol{H}^{*}$
